Hi Everyone,

Attached is the revised contract we got from Ted last night that includes their redlines and some questions embedded. Also, attached is the conceptual design contract proposal from Melendrez that Dan McGrew from Griffith Company sent us last night. We are touching base with Dan at 3pm today, so please let us know if there are any comments to share before then. I think the key question is whether \$25,000 seems like a reasonable price for design services. Thank you!!
